MONTHLY REPORT

1 August 1957 - 31 August 1957

RESEARCH AND DEVELOPMENT BRANCH  
ENGINEERING DIVISION

The Chief of the Branch and Chief of the [redacted] Section attended a symposium at Stanford University on August 15 and 16. This symposium covered the review of the Stanford Electronics Research and was presented for representatives of U. S. Services and Members of the Technical Advisory Committee. Attached to this report is a program and abstract of the papers presented at the meeting.

25X1

On August 20 and 21, the Chief of the Branch attended the West Coast Electronics Convention in San Francisco.

Briefings were given at the R&D Laboratory for members of the Office of Communications on August 6, 7, and 8. These briefings covered lectures and demonstrations of equipment presently in a research and development stage. Approximately 60 people attended these demonstrations.
